## mattresses

Every parent wants their baby to have a good night's sleep every night, so choosing a mattress is an important part of setting up a nursery. For safety and hygiene reasons, it's important to buy a new mattress for a new baby. Make sure the mattress you choose is firm, and fits the cot or cot bed well with no gaps.

- our range of mattresses offer a choice of construction and varying levels of support to help ensure your baby has a comfortable night's sleep
- all our mattresses have hygienic covers that are either wipe-clean for convenience or can be easily removed and machine washed
- a selection of our mattresses include a waterproof section which can be repositioned as baby grows
- all the foam used in our mattresses is a superior nursery grade foam, resistant to permanent denting
- all mattresses are double-sided for long term even wear
- all our mattresses are available in standard sizes for both cot and cot bed
- all our mattresses are developed and tested to ensure they meet all the construction and flame resistant requirements of BS 7177 and BS 1877 part 10

foam, wipe-clean cover
